им. К.Ш. ТОКТОМАМАТОВА

*Качественное образование – гарантия будущего!  
Гармония в образовании, исследованиях и экономике!*

**СТРАТЕГИЯ**  
развития Международного  
университета им.К.Ш. Токтомаматова  
на 2020-2030 годы

Жалал-Абад – 2019 г.

### **Basic values of INU:**

- **Academic sphere and freedom** promote integrity (awareness of the scientific, pedagogical and administrative staff of institutions with legal knowledge and legal culture), mutual trust, free exchange of ideas, lifelong learning, as well as encouraging students, teachers and staff to achieve the highest potential.
- **Professionalism, self-demanding, academic and social responsibility** of each teacher and scientist of the university for their educational, scientific or expert activities.
- **Honesty and openness** of the scientific and educational space of the University, **transparency in decision-making**, absence of favoritism, nepotism and corruption.
- **Innovativeness** contributes to the formation of new ways of learning, new planning, design, acquisition of knowledge through the active spiritual activity of the instructor.
- **An inclusive sphere** for students, their parents, graduates, staff, teachers and community representatives, in which they do not pay attention to nationality, gender, age, physical disabilities, religion and any other factors unrelated to the objectives of the University.
- **Preparing future leaders and community professionals** keeping the highest ethical standards.
- **An active public position** that promotes a good reputation and an important contribution of the university to the development of society.

### **Strategic goal of INU is:**

To build an effective multi-level education system in all areas of activity that meets requirements of the state, society and individuality; to achieve high-quality trainings of competitive personnel, as well as ensuring the integration of science, education and production and to create conditions for the commercialization of scientific result activities.

### **Priority directions of INU development strategy**

- High-quality education and training of highly qualified specialists.
- Improvement of the quality assurance system of higher professional education in INU in accordance with international and national standards.
- Optimization of the structure and levels of higher professional education in INU, taking into account licensed areas of study, as well as new areas of study.
- Deep orientation of education and training of personnel to the requirements of the internal and external labor market.
- Development of university science.
- Professional development of professors, teachers, and staff of INU.
- Search for new sources of financing for educational and financial and economic activities of INU, taking into account the previous experience of its own financial

and economic activities and self-financing, the experience of successful subjects of the educational market.

- Development and improvement of the material and technical base, communication channels of INU.
- Improvement of the social status of professors, teachers, staff and students of INU.

### **From the history of INU**

The International University named after K. Sh. Toktomamatov (INU) was established on April 1, 1993 according to the Decree of the President of the Kyrgyz Republic A. Akaev No. VII-100 *'On establishment of the Commercial Institute for the Union of Consumer Societies of the Kyrgyz Republic in Jalal-Abad'*. At the same time, the founder of the university was the Union of Consumer Societies. Certainly, it was originally called the Jalal-Abad Commercial Institute which belonged to the cooperative system. The highest coordinating body of the cooperative system at that time was the 'Kyrgyzcoopunion' – the Union of Cooperatives of the Kyrgyz Republic (now 'Kyrgyzcoopunion' – the Kyrgyz Union of Cooperatives). From July 16, 2005 the University became known as the Academy of Economics and Business, from November 4, 2005 – the University of Economics and Business, from April 4, 2017 – the International University of Jalal-Abad, on December 25, 2017, the University was renamed after the founder and first rector Kantoro Sharipovich Toktomamatov. The changes in the name and the status of the University indicate the growth of its position, qualitative structural changes.

The founder and the first rector of the university Kantoro Sharipovich Toktomamatov was a Doctor of Economic Sciences, Professor, Academician of the Regional Academy of Sciences, who made a significant personal contribution to the development of Economic Sciences of the Republic. K. Sh. Toktomamatov was one of the first in the post-Soviet Kyrgyz Republic to lay the foundations of market economy research. He is the author of more than three hundred scientific, educational and methodological works, including a number of well-known works on the theory of economics, on market economics, as well as on accounting and financial disciplines. Under his scientific supervision, more than a dozen doctoral and candidate dissertations were defended. For his active scientific, pedagogical and social activities, he was awarded the title of Honorary Professor of the Peoples' Friendship University of Russia, the titles of Honorary Citizen of the city of Jalal-Abad, Kara-Kuldza and Suzak districts, and was awarded the gold medal of the Mustafa Kemal Ataturk Foundation of the Turkey Republic, the gold medal named after Frederick Taylor 'For services to the development of managerial thoughts' of the Regional Academy of Management (Kazakhstan) and other awards.

The following leaders of that period made a great contribution to the opening and initial formation of the university: Vice Prime Minister of the Kyrgyz Republic A. E. Erkebaev, Education and Science Minister of the Kyrgyz Republic A.Ch. Kakeev, Kyrgyz Consumer Union Chairman M. Orozbaev, Chairman of the Jalal-Abad Regional Consumer Union T.A. Anarkulov, Governor of the Jalal-Abad region A.A. Tagaev and Mayor of Jalal-Abad K.M. Ismanov, President of the Foundation for the study of Turkish speaking Countries, Doctor of Economic Sciences, Professor Turan Yazgan. A great contribution to the development of the University was made by the current Chairman of the Kyrgyz Coop Union Zhambyl Makenovich Abakirov.

In the initial period, the Jalal-Abad Commercial Institute trained highly qualified specialists in the areas of 'Economics', 'Management', 'Commerce', 'Food Technology' of basic and complete higher education (bachelor's degree and specialty). The first graduation of specialists with the qualification academic degree of Bachelor Degree were carried out in 1997.

From 1997 to 2022, 19191 students graduated from MNU (on higher education – 12100, on secondary vocational education – 7091).

It is worth mentioning that the university was established on the basis of the Jalal-Abad Cooperative Technical College (1966) and the Jalal-Abad Cooperative School (1959), which at one time taught hundreds of personnel with secondary specialized and secondary technical education for the system of consumer cooperation, trade, catering and service (accountants, commodity experts, catering technologists, specialists in commercial equipment, procurement workers, etc.).

Has successfully fulfilled the requirements of the five-years studies prescribed by the Faculty of Business Administration Department of International Relation and granted this diploma 25.06.2021

Dr. Öğretim Üyesi Çağrı B. GEZER

Prof. Dr. Saibaldı Ömürzakov

#### 8. INFORMATION ON THE NATIONAL HIGHER EDUCATION SYSTEM

Description of the National system of Higher Education of the Kyrgyz Republic

The Kyrgyz Higher Education system consists of the following High Institutions:

- The Universities, which:
  - implement programs of higher education, undergraduate and postgraduate, in different fields;
  - carry out fundamental and applied research on a wide range of issues;
  - prepare, train, retrain and ensure professional development, and also prepare scientists and scientific-researchers (Candidates and Doctors of Sciences);
  - constitute a scientific and methodological center in different fields.
- The Academies, which:
  - implement programs of higher education, undergraduate and postgraduate in its field of scientific activity;
  - carry out fundamental and applied research on a wide range of issues;
  - prepare, train, retrain and ensure professional development, and also prepare scientists and scientific-researchers (Candidates and Doctors of Sciences);
- The Institutes are the structural subdivisions of the University or Academy, which:
  - implement programs of higher education and educational programs for undergraduates;
  - prepare, train, retrain, and ensure professional development of workers with higher education;
  - prepare scientific and scientific-research pedagogical personnel for certain sphere of professional activity;
  - carry out some fundamental and applied researches of fundamental and applied character, according to the specialist's prepared profile.
- The Specialized Institutes (conservatories, specific purpose institutes), which:
  - implement programs of higher and postgraduate education;
  - prepare, train, retrain, ensure professional development, and also prepare scientific and scientific-research pedagogical personnel for certain sphere of professional activity;
  - carry out applied scientific researches.

#### Educational and professional programs and awarded qualifications

Higher Education Institutes of the Kyrgyz Republic conduct education according to the following educational professional programs:

- Bachelor's degree. Apprenticeship: 4-5 years. To get a Bachelor's degree one needs to pass the final state examination and defend a Bachelor's thesis.
- Master's degree. Apprenticeship: 2-3 years. To get a Master's degree one needs to pass the final state examination and defend a Master's thesis.
- Specialist's qualification. Apprenticeship: 5-6 years. To get a Specialist's qualification one needs to pass the final state examination and defend a thesis paper.
- Postgraduate degree. Master and Specialist has the right to enter postgraduate courses. Apprenticeship: 3-4 years. The education ends with the defending of Scientific thesis conforming to Ph.D. or Candidate's degree.
- Doctor's degree. Apprenticeship: 3 years. Ph.D. holders with practical work experience have the right to enter Doctor's degree courses. The education for Doctor's degree ends with the defending of a Doctoral thesis conforming to Doctor's degree.

#### Licenses of the educational professional programs

Institutes of higher education should have a license of Ministry of Education and Science of the Kyrgyz Republic to implement the educational activity in order to realize educational professional programs of different levels.

#### Accreditation of educational organizations

Accreditation of educational organizations is carried on a voluntary basis. Educational organizations are obtain to institutional and program accreditation in accreditation bodies recognized by the Ministry of Education and Science of Kyrgyz Republic. The Ministry of Education and Science of Kyrgyz Republic maintains a Register of recognized accreditation bodies. Educational organizations that have passed accreditation have the right to issue state-issued documents or documents of their own sample to graduates by the decision of educational organizations themselves.

#### DIPLOMA SUPPLEMENT

International University  
named after  
K.Sh. Toktomamatov

The purpose of the Diploma Supplement is to provide sufficient independent data to improve the international transparency and fair academic and professional recognition of qualifications (diplomas, degrees, certificates etc). It is designed to provide a description of the nature, level, content, content and status of the studies that were pursued and successfully completed by the individual named on the original qualification to which this supplement is appended. It is free from any value judgements, qualifications comments or suggestions about recognition. This Diploma Supplement model was developed by the European Commission, Council of Europe and UNESCO.

#### 1. INFORMATION IDENTIFYING THE HOLDER OF THE QUALIFICATION

1.1. Last name(s)	1.2. First name(s)
Alduvaleeva	Nuruлуу
1.3. Date of birth (dd/mm/yyyy)	1.4. Student identification number or code (if available)
05 07 1998	16-0481

#### 2. INFORMATION IDENTIFYING THE QUALIFICATION

2.1. Name of qualification and (if applicable) title conferred (in original language)	2.2. Main field(s) of study for the qualification
Bachelor	Economics: Finance and Credit
2.3. Name and status of awarding institution (in original language)	
International University named after K.Sh. Toktomamatov. The private status is confirmed by the license of the Ministry of Education and Science of the Kyrgyz Republic.	
2.4. Name and status of institution (if different from 2.3) administering studies (in original language)	2.5. Language(s) of instruction/examination:
University of Economics and Entrepreneurship (2016-2020)	Russian, Kyrgyz, English

#### 3. INFORMATION ON THE LEVEL OF THE QUALIFICATION

3.1. Level of qualification	3.2. Official duration of programme in credits and/or years
Bachelor	Four years or 242 credits of ECTS
3.3. Access requirement(s)	
General secondary education or vocational secondary education	

#### 4. INFORMATION ON THE PROGRAMME COMPLETED AND THE RESULTS OBTAINED

4.1. Mode of study	4.2. Programme learning outcomes
Intramural	Bachelor should: <ul style="list-style-type: none"><li>have a systematic understanding of structures and trends of the development of the Kyrgyz Republic and World Economies;</li><li>understand the diversity of economic processes in the modern world, their relations with the other processes occurring in the society;</li><li>have the theoretical basis and principles of functioning of National Economy including the specific features of Transitional Economy;</li><li>know the principles of managerial organizational decisions making and implementation;</li><li>be able to identify the problems of economic, organizational and psychological nature when analyzing the situations, to offer ways of their solving and assess expected results;</li><li>classify and generalize information, prepare certificates and reviews of professional activity, self and review tests;</li><li>be able to use basic and special methods of analysis of economic and managerial information in the sphere of professional activity;</li><li>develop and justify the options of efficient managerial decisions;</li><li>assess industrial, motivational, institutional behavior of economic agents critically from different sides, levels of the development of objects in the sphere of professional activity;</li><li>use computer technologies to solve economic problems;</li><li>know the special economic and managerial terms and vocabulary of the major at least in one foreign language (English);</li><li>possess skills of independent mastering of new knowledge using modern educational technologies;</li><li>possess skills of professional argumentation when analyzing standard situations in the sphere of future economic activity.</li></ul>
